Architecture Theory

- Spirits are most often seen in wooden homes
- Cement homes deter spirits

19th Century Photography

- Many were sick and afflicted during the 19th century
- Photographers documented many of these cases
- Electrical current attracts spirits

How I saw a ghost

- At the age of 12
- I drank a full glass of urine (yellow)
- I thought lightning would strike my lightbulb
- I saw/projected lightning entering my room
- The next place I moved to I saw a ghost

Where I saw a Ghost

- Brick home
- Green grass
- Hot and humid temperature
- The smell of creosote

The Ghost

- He was 50-60 years of age in the right front bedroom
- The apparition was white in color and transparent
- He moved ever so slightly
- I could see the texture of his jeans

Theory

- Spirits may not show themselves in present day
- Infrared may detect them
